# SCALE WORLD CLASS AUDIO AND
VIDEO TO EVERY SPACE

Logitech video collaboration solutions paired with Q-SYS deliver advanced AV processing and room control to every space. The flexible, software-based foundation of Q-SYS makes it easy to integrate and maintain across the enterprise, while offering the reliability and continuity needed to keep communication and collaboration going strong.

BETTER TOGETHER

Q-SYS and Logitech deliver customized video solutions for high-impact collaboration spaces using an IT-friendly approach. Q-SYS aligns with Logitech's emphasis on open platforms and exceptional user experiences.

SIMPLE TO DEPLOY

Q-SYS is a cloud-manageable, software-based platform that is simple to deploy and a breeze to maintain. Driven by Q-SYS OS, a Q-SYS Core provides advanced audio processing, video distribution and room control for all spaces, and requires only a single USB connection to the room compute device, like Logitech RoomMate.

CERTIFIED FOR GOOGLE, MICROSOFT, AND ZOOM

Q-SYS and Logitech provide certified room solutions for Microsoft Teams Rooms, Google Meet, and Zoom Rooms. The joint solutions are also validated to work with other leading unified communications platforms.
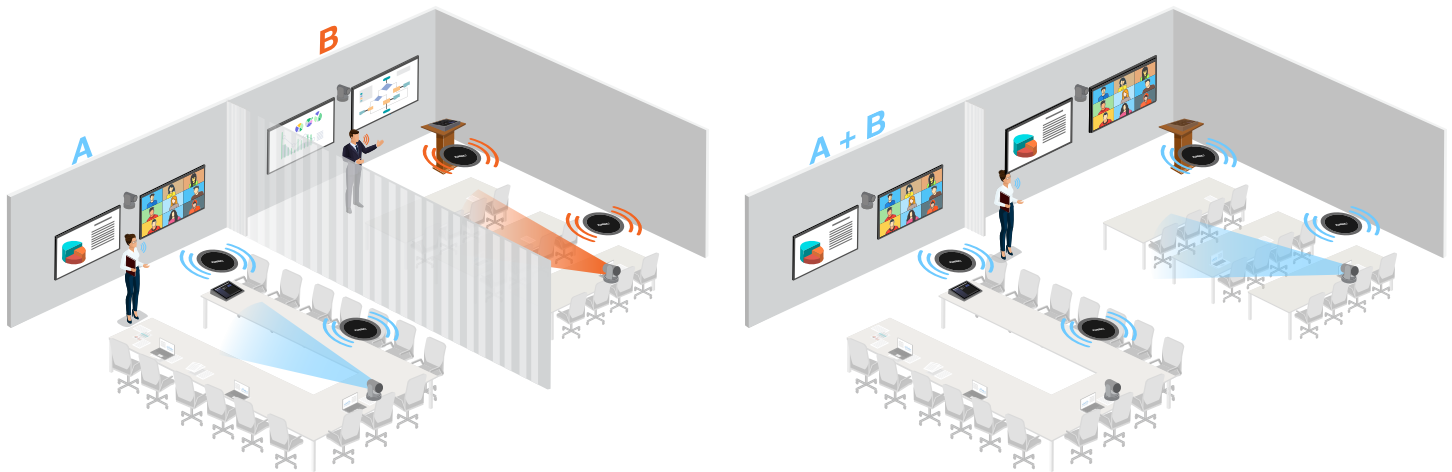

ROOM CONTROL ON TAP

The integrated control engine within Q-SYS delivers a customizable yet familiar user experience. For Microsoft Teams Rooms, users can control their meeting and other elements in the room, like lighting and shades, directly from Logitech TAP.
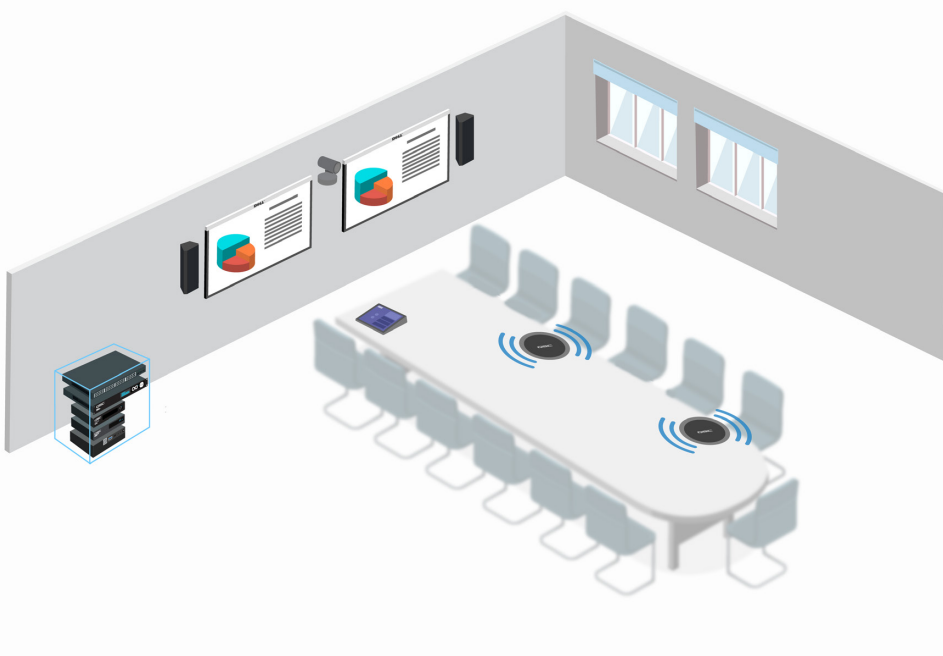

Q-SYS AND LOGITECH

ENVISION YOUR SETUP

View examples of room configurations using Logitech collaboration devices and Q-SYS solutions for flex rooms, boardrooms, and classrooms.

SETUP FOR DIVISIBLE OR FLEX ROOMS

SETUP FOR BOARDROOMS
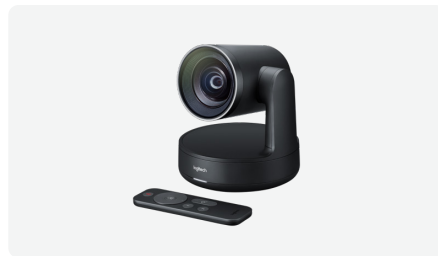

SETUP FOR CLASSROOMS AND TRAINING ROOMS

LOGITECH ROOM SOLUTIONS: DESIGNED FOR SIMPLICITY & FLEXIBILITY

Meeting rooms built with Logitech gear create a smooth experience for meeting participants and offer IT admins flexibility in choosing their preferred video conferencing cloud provider.

TAP

With one-touch join, easy content-sharing, and center-of-room control, Logitech Tap makes it super easy and fast to join a meeting.

RALLY CAMERA

Rally Camera delivers premium performance in professional meeting spaces of all shapes and sizes. It features mechanical Pan/Tilt/Zoom (PTZ), razor-sharp 15X HD zoom, expansive 90° diagonal field of view, and powerful 4K sensor.

ROOM COMPUTE

With computing power and video conferencing software together in a dedicated device, RoomMate, PC and Chromebox make it easy to deploy Zoom Rooms and Microsoft Teams Rooms.

Q-SYS AND LOGITECH

Q-SYS COLLABORATION SOLUTIONS: AUDIO, VIDEO AND ROOM CONTROL

Q-SYS CORE AUDIO, VIDEO AND CONTROL PROCESSOR

Choose the Q-SYS Core processor based on the I/O requirements and scale of each unique installation. Advanced audio processing, network AV routing and management, and a full featured control engine to enable high-value spaces.

NETWORKED AMPLIFIERS AND LOUDSPEAKERS

Q-SYS offers a full portfolio of installed loudspeakers along with network and non-network amplifiers to offer users the flexibility to choose the right solution for their unique space.

Q-SYS NETWORK VIDEO ENDPOINTS

Native Q-SYS video endpoints allow for simple, network-based video distribution and can also act as a USB endpoint to bridge the Q-SYS system to the room compute device.

DANTE CEILING ARRAY MICROPHONE

As an open platform, Q-SYS is able to enable integration with some of the most widely used software and endpoints in the world, including the Dante ceiling array microphone.

RECOMMENDED COMPONENT LIST

ROOM TYPE	LOGITECH	Q-SYS
Divisible or Flex Room	Room Compute Tap	Q-SYS Core Q-SYS Camera SPA Series Amplifier AcousticDesign Series Loudspeakers NV-32-H Video Endpoints Dante Ceiling Array Microphone NL Series Loudspeaker
Boardroom	Room Compute Rally Camera Tap	Q-SYS Core SPA Series Amplifier AcousticDesign Series Loudspeakers NV-32-H Video Endpoints Dante Ceiling Array Microphone NL Series Loudspeaker
Classroom or Training Room	Room Compute Tap	Q-SYS Core Q-SYS Camera SPA Series Amplifier AcousticDesign Series Loudspeakers NV-32-H Video Endpoints Dante Ceiling Array Microphone NL Series Loudspeaker

Supported features may vary based on compute and platform selection.
